Track nr. SPECIAL SESSION TRACKS

- 1 The role of science for policy: new requirements and new challenges
- 2 Forward-looking activities (FLA) for STI policies
- 3 The future of science: exploring the relationship between digitalisation and scientific practices
- 5 Ethics and politics of science, technology and innovation policy
- 6 Accounting for justice in transformative innovation policy
- 7 Diversity and inclusion in transition research and policies
- 8 Connections between transforming STI policy and geopolitics, positive and negative security, and global justice
- 9 Responsible Research and Innovation as a toolkit: indicators, application, and context
- 10 Transformative innovation policy and the institutionalisation of responsible research and innovation
- 11 Steering research for the Sustainable Development Goals (SDGs)
- 12 The geographies of challenge-led and mission-oriented innovation policies
- 13 Covid-19 recovery, sustainability transitions and innovation policy
- 14 Transformative social innovation in sustainability and health
- 15 Joint OECD-JRC session on policy intelligence for system-level innovation for sustainability and societal transformation
- 16 The space sector in transformation: new challenges for policy and governance at the nexus of space, commercialisation, and sustainable development
- 17 The role of standards and regulation in fostering innovation
- 18 Governance of digital ecosystems

Track nr. OPEN TRACKS

- 19 Digital technologies, platforms and business model innovations
- 20 Open science and the changing governance of science
- 21 Research infrastructures: open data, big data, and new research avenues for STI studies
- 22 Futuring and Foresight
- 23 STI policy for societal challenges: policy design, implementation and evaluation
- 24 The impact of STI policy: new indicators and approaches
- 25 Social innovation: enabling factors and existing practices
- 26 Globalization and the geography of knowledge and innovation

	7.1 - Diversity and inclusion in transitions	Riina Bhatia	90 73 48	Lucio Morettini and Massimiliano Tani Bertuol Amanda Martinez Reyes and Jenny Lieu Riina Bhatia, Maria Merisalo, Nina Rilla and Tuisku Salonen	Gender and career progression in academia: European evidence A transdisciplinary approach to redefine the roles, identities, and experiences of diverse stakeholder groups in regional energy transitions From persisting gender inequality to inclusion in research and innovation content: challenging the gender equality norm in the STI fields	Full paper Full paper Full paper	
	WED 15:15- 16:45	1.2 - Funding policy and impact	Jakob Edler	150 128 179	Thomas Zacharewicz, Noemí Pulido Pavón and Benedetto Lepori Qi Wang and David Minguillo Silje Tellmann and Magnus Gulbrandsen	Funding modes and university research performance A multilevel analysis Distribution of public funding across research topics in Sweden: is this driven by the government funding bodies or the research community? Demanding research: an analysis of contract research in policymaking	Full paper Full paper Full paper
		10.2 - Transformative innovation policy and RRI	Mika Nieminen	96 199 243	Bart Walhout, Kornelia Konrad and Stefan Kuhlmann Stephanie Daimer, Hendrik Berghäuser and Ralf Lindner Peter Biegelbauer, Petra Wagner and Katharina Berger	Making a difference? – Nanotechnology governance, Responsible Innovation and the quest for transformative change The Institutionalisation of a New Paradigm at Policy Level Experiences with institutionalizing responsible research performing and funding	Full paper Full paper Full paper
		13.2 - Covid-19 recovery	Paula Kivimaa	123 233 241	Susanne Giesecke and Dana Wasserbacher Leticia Müller and Jochen Markard Markus Trunschke, Bettina Peters, Dirk Czarnitzki and Christian Rammer	Future Roadmaps of Consumption in the EU Analyzing net-zero policy mixes from a sustainability transitions perspective COVID-19 and Innovation: Long COVID for German Innovation Activities?	Speed talk Full paper Speed talk
		15.1 - Policy intelligence for system-level innovation	Guia Bianchi	64 122 213 207	Sarah Seus and Elisa Wallwaey Dominique Guellec, Paresa Markianidou, Lena Tsipouri and Joseba Sanmartín Michael Keenan Dimitrios Pontikakis, Ignacio Gonzalez Vazquez, Guia Bianchi, Marina Ranga, Solange Mifsud, Ramojus Reimeris, Anabela Marques Santos and Carmen Madrid	SIPER: the Science and Innovation Policy Evaluations Repository: what is it and what can be done with it? The IntelComp Platform: A Policy Intelligence Tool for Transformative STI Policies Transitions in strategic intelligence: developing the knowledge base for STI-enabled sustainability transitions Innovation Strategies for Sustainability (S4)	Speed talk Speed talk Full paper Full paper
17.1 - The role of standards and regulation in fostering innovation		Paul Wiegmann	301 300 21	Jaime Bonnin Roca Paul Wiegmann, Doyoung Eom, Henk de Vries Knut Blind Knut Blind and Florian Münch	The role of regulators as innovation intermediaries Measuring Societal Impact of Standards Rules and innovation in a globalising economy: Do standards and regulations affect innovation differently?	Full paper Full paper Full paper	

	23.2 - Research evaluation and societal impact	Jordi Molas-Gallart	181	Caleb Adelowo and Willie Siyanbola	Science, Technology and Innovation Policy Implementation and Evaluation in a Developing Country: Evidence from Nigeria	Speed talk
			86	Kristin Oxley	Grant peer review panels evaluating interdisciplinary research – a stumbling block for effective STI policy for societal challenges?	Speed talk
			80 148	Jordi Molas-Gallart and Richard Woolley André Brasil, Joviles Vitorio Trevisol and Leonie van Drooge	Research impact seen from the user side Research evaluation in Brazil and The Netherlands: A comparative study	Full paper Full paper
	26.1 - Relatedness and regional diversification	Carolina Castaldi	143	Mariane Santos Franoso, Ron Boschma and Nicholas Vonortas	Regional diversification in Brazil: patterns and policy prospects	Full paper
			56	Carolina Castaldi and Kyriakos Drivas	Innovation and Regional Branching: an Exploration of Technological, Design and Market Activities	Full paper
			84	Indira Yarullina	Structure and dynamics of regional research landscape	Full paper
	7.2 - Diversity and inclusion in transitions	Joy Clancy	3	Geoffrey Nwaka	Towards Decolonizing Climate Science in Africa: The Place of Indigenous Knowledge	Speed talk
			146	Susan van der Veen, Lotte Asveld, Cedric Heijdens and Patricia Osseweijer	Designing inclusive bio-based value chains: Involving local stakeholders through capability sensitive design	Full paper
			94	Anne Kantel, Sabine Preu and Maria Stadler	Voicing a Diversity of Needs: The role of intermediaries in designing and implementing diverse and inclusive energy transition policies	Full paper
WED 17:15- 18:15	1.3 - Science policy interaction II	Silje Tellmann	98	Eva Marina Valencia Leero, Michel Nader Sayn, Ricardo Gomez Zamudio, Alejandro Jimenez Montes, Brenda Zetune Calderon and Moises R. Rebolgar Guagnelli	Multi-stakeholder urban coalitions as platforms for governance processes: Mexico City’s Tricolor Coalition Action-Research Case Study	Speed talk
			203	Matthias Huegel, Philip Doerr and Martin Kalthaus	Where it all began: Transfer Opportunity Recognition by Scientists and their Choice of Transfer Channels	Speed talk
			108	Michael P. Schlaile, Matthias Mueller, Stephanie Lang, Matthijs Janssen, Iris Wanzenbock, Kristina Bogner, Michael Schramm and Andreas Pyka	From evidence-based policy to wicked systems: Sensemaking laboratories for innovation policy	Full paper
	10.4 - Transformative innovation policy and RRI	Petra Wagner	184	Krishna Tripathi	Approaching e-mobility responsibly: A case of charging infrastructure for electric rickshaw in the NCT of Delhi	Speed talk
			198	Attila Havas	Interactions among societal and professional RTDI actors in four different futures	Speed talk
			249	Roger Strand	Transformative Translations?	Full paper
	19.1 - Digital technologies and sustainability transitions	Katherine Lovell	236	Katherine Lovell	Digital Twinning for infrastructure transformations: opportunities for policy and sustainability?	Speed talk
			67 137	Elisabeth Eberling Tuukka Makitie, Jens Hanson, Sigrid Damman and Mari Wardeberg	Assessing the sustainability of a digital eco-innovation On the role of digital innovation in sustainability transitions	Speed talk Full paper
	22.1 - Futuring and Foresight	Julian Doerr	251	Carlos Montalvo	Innovation social value optimisation: Behavioural additionality, impact assessment and policy roadmapping	Speed talk
			100	Julian Doerr and Tom Hawxwell	Urban Foresight for integrated urban development	Speed talk
			217	Ewa Donitz, Bjorn Moller, Ariane Voglhuber-Slavinsky and Anna Kirstgen	Innovation and technology roadmaps as a tool for policy making	Full paper
	26.2 - Geography of skills and capabilities	Vitaly Roud	28	Vitaliy Roud, Valeriya Vlasova and Nicholas Vonortas	Innovation Barriers Across Firms with Different Levels of Innovation Capabilities: Empirical Evidence and Policy Implications	Full paper
144			Milene Tessarin, Jefferson Galetti and Paulo Morceiro	The influence of innovative skills on the innovative activity of a developing country: an analysis of unequal regions	Full paper
